Three vital aspects of worship:

1. Celebration – It begins with **who** God is, and what God has said and **done**.
2. Thanksgiving – It must be **specific**, so that we can appreciate all the ways in which we are **indebted** to a generous God.
3. Dedication – It’s not merely a dedication of a **wall**, but a dedication of a **people** to their God!

Conclusion: The most joyful thing about being a human being is **obedience** to, and the **worship** of, our God!
